The Ministry of Agriculture, Forestry and Fisheries and the National Institute of Statistics are conducting a survey to collect information about the means of production and the size of agricultural holdings in Cambodia. Questions will focus mainly on areas used, crops and fruit production, animals raised, aquaculture or capture fishing activities, persons working on the holding, other activities of the holding, income, expenditures and shocks. The data will be used to inform new agriculture development policies. All your answers will be kept private and confidential. We will not share your individual information with anyone. You have the right to stop or pause the interview at any time. The interview will take around 1.5 hours. This is not a test. there are no right or wrong answers to the questions, so please try to respond as accurately as you can and to tell me the truth so we can gather accurate data. If you have any questions related to this survey, please contact Mr. Chan Samath at the National Institute of Statistics on 012 909 171. Do you have any questions for me?</p>
